**City Engineer:**

J. Andy Dickey, PE  
 (928) 203-5039  
[ADickey@SedonaAZ.gov](mailto:ADickey@SedonaAZ.gov)

**\$ FY20 Project Budget:** \$150,000  
**Total Project Budget:** \$150,000

The grit classifier is an essential part of the wastewater treatment process. The grit classifier separates and removes grit after primary treatment (barscreens) prior to the aeration basins. The removal of grit (rocks, gravel, sand, and organic material) is important to keep solids handling and disposal to a minimum. This project will replace the existing grit classifier with new equipment.

**Status:** A construction contract is in place. The Contractor is working with the equipment manufacturer to submit shop drawings for approval.
